

# PLANNING FOR *Happily Ever After*

## LEGAL ADVICE FROM ONE BRIDE TO ANOTHER

There's enough drama in wedding planning – don't allow fear of the "money talk" to be an additional item that overshadows the big day. McClure Law Group can help you calmly handle those uncomfortable financial discussions with your significant other prior to walking down the aisle. Come in and meet with someone at our law firm to help facilitate the conversation, so you can focus on your magical day. Whether it be a prenuptial agreement before marriage, or a postnuptial agreement after the wedding, the team at McClure Law Group can create a collaborative, healthy environment for you and your betrothed to communicate and plan for the future.
